NATIONAL AG DAY ESSAY CONTEST

Celebrating National Ag Day, Jackson County Farm Bureau Association announces a county-wide essay contest for 9th through 12th grade students who are residents of Jackson County. In keeping with the National Ag Day theme, the topic shall be:

Agriculture in the Future: If I had Two Minutes to Talk to a Farmer

Students across the county are invited to enter the National Ag Day essay contest, sponsored by the Jackson County Farm Bureau Association. We are following the National Ag Day essay contest theme:

“Agriculture in the Future: If I had Two Minutes to Talk to a Farmer”

Our objective is to celebrate agriculture and to help growers and consumers alike understand how farmers and the companies serving them can and do produce abundant, healthy, nutritious, and safe food. The farmers, while caring and tending for land and livestock, are leading the way in preservation, conservation, and the protection of food, families, farmland, water, air and livestock.

Writers are encouraged to support their position with facts. Don't just tell a story or offer opinion. As you prepare your entry, consider the following:

- Address the future of agriculture and its impact on society, environment, technology, and economy.
- Discuss innovative farming practices, sustainability, technological advancements, challenges faced by farmers, or any other relevant topic related to the future of agriculture.
- Participants should imagine having a brief conversation with a farmer and convey their thoughts on the future of agriculture.

The top three winning essays will be awarded:

- \$300 for 1st place
- \$150 for 2nd place
- \$50 for 3rd place.

The National Essay Contest is also going on now. For students interested in entering both contests, the National Essay contest information and rules can be found at <https://www.agday.org/essay-contest>. The national deadline is February 9 and is by video submission only.

The Jackson County Essay Contest is February 23 and is by written submission only.
